NO MORE KOMMERS.

Once Popular Custom Dies from Lack of Interest. Bursar and Prexy Discouraged at Outlook.

After a long and exciting debate, the Institute Committee decided last Friday noon to discontinue the Saturday evening Kommers. This action was taken because of the poor attendance and lack of interest which has been shown at the Kommers this year.

Bursar Rand was present at the meeting and advocated this action. He said "If the fellows do not care enough about the Kommers to come to them without urging, I don't think it is policy to cram them down their throats. It is impossible to get good speakers to come up here and then insult them with meagre audiences. Last Kommers I had to personally appeal to every fraternity house at the Institute to send men over to the Kommers so as to get a crowd for Mr. Story."

Pres. Pritchett, when conferred with by Bursar Rand on the question of discontinuing the Kommers, agreed perfectly with Mr. Rand that it was impossible to keep them up under the present conditions. He told Bursar Rand to put the question up to the Institute Committee, and let them do as they pleased, but that as far as he personally was concerned, to drop them if they saw fit. Bursar Rand has been living in town the past two years and renting his home in Winchester. He is now going to give up active charge of the Union and return to Winchester. The Union will continue to be open to Societies on application to the Institute Committee.

TUFTS TO ACT AS HOST.

The members of the Civil Engineering Society have been invited by the Tufts Engineering Society to attend a lecture to be given by Mr. W. E. McClintock, at Robinson Hall, on Wednesday, April 10, at 8 P.M. The subject will be "Common Roads."

TRIALS TOMORROW.

Finals for the Penn. Relay. Track in Good Shape.

On Tuesday afternoon the trials for the Penn. Relay team will be run off. At first Coach Mahan had intended to make them only preliminary trials to reduce the number of candidates, but he has now decided to make the Tuesday's trials *finals* for the relay team, if the men show up well. The men will have to run about 400 yds. probably beginning at one end of the 220 yd. straightaway, and finishing at the grand stand.

The track is fast getting into condition, especially the 220 yd. straightaway which is being constantly rolled. By April 20, when the spring meet comes off, the whole track will be in first class condition.

PRIZES FOR BOILER THESES.

A Chance for Seniors to Distinguish Themselves.

Prizes are to be distributed by the Harrison Safety Boiler Works for the best four theses on new steam plants prepared by 1907 graduates. There will be four prizes, \$50, \$25, \$15 and \$10. This competition is open to seniors in all technical schools in the United States.

The subject of theses must embody designs of new steam plants, or complete descriptions or tests of existing plant, with suggestions for improving the methods of handling steam or water therein. These theses must be submitted to the company before July 1, 1907, and are to be duplicates of the copies turned in to the Faculty.

In passing upon the merit of theses the company announces that it will give first importance to the following features: good judgment of the selection and arrangement in apparatus for the conditions involved; accuracy and thoroughness in pre-determining quantities and proportioning apparatus; effective-

SHOW CAST PICKED.

Ahead of Last Year. — Second Act Rehearsed.

Tech Show this year started off with a two weeks' lead over last year and with hard work and no accidents the management has increased this lead wonderfully. In the business end of the production all the arrangements have been made for theatres, costumes, patrons and patronesses, and all the other incidentals which come up in the staging of an undertaking as big as Tech Show.

At the beginning of this week Mr. Francis started the Show men on the second act of the play, and he has now got the opening chorus well under control. It is one of the most complicated pieces of work that has been attempted, and by the way the men and girls got after it, it is bound to be a great success. Mr. Francis keeps them until six nearly every rehearsal now, and he says he expects to have all in good shape more than a week before show time.

The cast has been finally picked and will now settle down to get the finishing touches. An all-day rehearsal will be held on April 19 as usual. The cast is as follows:

Charlie Newbury, Clerk of summer hotel and student C. C. Hield, '10
Harry Coolidge, Janitor of hotel and student A. Ellis, '08
Mr. Bland, Proprietor of hotel T. W. Saul, '10
Mrs. Montgomery Swelter, a guest C. J. Belden, '09
Mr. J. Harrison of Chicago, a widower, Harry's father W. B. Jenkins, '09
William Smith, a student, called "William" J. C. Childs, '08
William Smyth, a student, called "Willie" R. H. Allen, '09
William Smythe, a student, called "Bill" K. Vonnegut, '08
Max Eimer, a student of a mechanical turn of mind W. A. Adams, '08
Colonel Fessenden, who owns a yacht E. F. Orchard, '08
Maisy Fessenden, his daughter, a Wellesley girl J. B. Sando, '08
Sylvia Draper, a Wellesley girl A. H. Guizberg, '09

FACULTY NOTICE.

The Summer School circular is now published and may be obtained at the Information Desk.

JAGGAR STARTS ON TRIP SOON.

Professor Jaggar has practically organized his party for his expedition to the Aleutian islands. Among its members will be Prof. H. V. Guimere, head of the department of mathematics at Drexel Institute, Philadelphia; Prof. A. S. Eakle of the University of California; Harry P. Sweeney of Stroudsburg, Pa., and Desaix B. Myers of Philadelphia. The two latter are post-graduate students at Tech. A physician, whose name has not been given out, will accompany the party.

The expedition will leave Seattle the latter part of this month for Unalaska, and the voyage to Attu, Aleutian islands, will be undertaken in an auxiliary schooner. The object is to study volcanoes and evidences of seismic activity. The expedition is financed by Boston business men.

DATES FOR BASEBALL.

The Advisory Council has announced that Tech Field has been allowed for sole use of the baseball teams on the following dates:
April 12, V vs X
Freshman, April 24th, April 27th, May 7th
Sophomore, April 13th, April 23d, May 1st, May 17th.
On April 20th the Annual Spring Class Games take place and on May 11th the track meet with Brown University.

"Opportunity Knocks once at each man's door, but if you, yourself, happen to be Knocking when she calls you'll never hear her."

ELBERT HUBBARD.

From afar can be heard the wail of the over worked Tech man. Abroad in the land is the hackneyed saying that Boston Tech is a dread, drear work shop where lamentation no pity is shown for the lagging. Aged has become the joke that the Institute ranks with Boston's three great penal institutions. Like the lie many times told becoming the truth, so has this feeling become a revered and honored tradition of Technology.

Listen first to the cry from other schools. It has the same tone of deep complaint. Even from the academic college, even from our neighbor Harvard, where is lived by many a man the life of elegant ease, comes lamentations. In these places too it may be tradition.

Our petty scientific tasks have an end. Our problems when solved are solved. The average Tech man does not have before him the endless effort of acquiring the technique of a fine art. A set and definite task within human possibilities is not to be complained of. For those who complain, it may be said that they are hurting themselves by over-appreciation of their hard lot. Be not again guilty of that bromidic Tech reply "Too much work," when requested by a leader to become interested in student enterprises. Be original rather; say that you are too lazy, or your grandmother is ill.

This is indeed the seedy season physically speaking. No longer are the nerves and muscles stimulated by the keen, bracing air of winter. This is the time of year when it is necessary to get outdoor exercise. Brush the cobwebs from your tennis racquet, hunt up your old glove and bat, or look to the spikes on your running shoes according to your inclinations and tastes. Get out on the tennis court or Field and be there regularly. No athlete was ever made by absent treatment.

INSIGNIAS DISTRIBUTED.

At a meeting of the Advisory Council Friday evening it was voted to grant the "T" to the winners of events in the Maine and Brown Meets. The Hockey Team emblem, "HTT", was granted to G. S. Gould, '07; J. F. Davis, '09; W. J. Kelly, '09; W. J. O'Hearn, '10; H. D. Billings, '10. The Basketball Team emblem, "BTT" was granted to J. C. Kinear, '07; W. J. Pierce, '08; C. W. Whitmore, '08; R. H. Nichols, '09; and E. S. Campbell, G.

The committee to look over the Cross Country Association's constitution is composed of Dr. J. A. Rockwell, '96; W. A. Adams, '08, and K. W. Richards, '07.

SEDGEWICK APPOINTED.

Professor W. T. Sedgwick is one of the members of the special commission appointed by Mayor Fitzgerald to investigate the refuse disposal matter. The committee held its first meeting Friday and looked over the Fort Hill Wharf. The other members are City Engineer Jackson and X. N. Goodenough, of the State board of health.

MINERS TO MEET.

Professor Richards will address the Mining Engineering Society at the Union Tuesday evening, when the meeting postponed from last week will be held. Prof. Richard's subject will be "Mining in Mexico."

TECH MINERS AT HARVARD.

Cambridge Men to Return Compliment.

A number of the members of the Mining Engineering Society attended a very interesting talk on Mine Optioning and Mining Companies by Dr. Peters at the Harvard Mining Club meeting last Friday evening.

A number of the Harvard members are going to be present at the next meeting of the Mining Society on Tuesday, April 9, at 7.30 p.m. at the Tech Union. Prof. Richards will give an illustrated talk on general mining in Mexico.

All members are urged to be present and any men who desire to become members can have their names voted upon at this meeting by speaking to the secretary, J. W. Maxwell, '08.

RUN FROM READING.

With the trail laid by Howland and Batchelder, the third hare and hounds run of the season was held Saturday from the Reading Y. M. C. A. The distance was 6 1/2 miles around North Reading. COMMITTEE NEEDS MONEY.

The Prize Drill Committee an-
nounces that unless a sufficient
sum of money is raised to pay for
lighting the Armory, they will be
obliged to hold the Prize Drill on
the afternoon of May 22, instead
of on Friday evening, May 17.
Every member of the battalion is
requested to make a special effort
to hand his fifteen cents to his first
sergeant not later than next
Wednesday. In case the drill is
held in the afternoon, the money
already collected will be returned.

ALLOTMENT OF SHOW SEATS.

The rules governing the dis-
bursement of seats for this year's
Show were issued today. Two
points merit especial attention. If
members from two classes make
applications together, the applica-
tions will be ranked in the lower
class. Also applications for seats
at out-of-town performances must
be made on separate blanks from
those for Boston performances.
